

Feet Focus Community Footcare

NHS podiatry in Cambridgeshire is accessible to those that meet a certain criteria. However, for those people that don't meet this criteria they may want or need to access a foot care service. Feet Focus Community Footcare is a low cost foot care service to meet the local need. It is a fee paying service that uses HCPC registered Podiatrists and College of Podiatry trained foot care assistants to deliver nail cutting and callus/corn care.

There are two charges for services depending on your requirements:

- £20 for nail cutting and nail care including reducing the thickness of nails
- £25 for nail care and any work that involves treatment for corns and hard skin

Feet Focus Clinics currently in:

- Oaktree Centre, Huntingdon
- Ramsey Road Clinic, St Ives
- Ramsey Health Centre, Ramsey
- Princess of Wales Hospital, Ely
- Chesterton Medical Centre, Cambridge
- Brookfields Health Centre, Cambridge
- Shelford Medical Centre, Great Shelford
- City Health Clinic, Peterborough

Access To Podiatry Treatment

NHS Treatment

NHS podiatry treatment in Cambridgeshire and Peterborough is currently only available to those who fall into either of the following groups:

- People who have a medical condition which can make the feet more vulnerable to complications such as infections and ulcers and who require treatment for a foot condition. Examples include diabetes, circulatory disorders, inflammatory arthritis, low immunity.
- People who require a specific type of treatment for their foot ailment. This includes foot surgery, minor surgery for Ingrown toenails, and foot problems which require insoles.

Please note, we are unable to see people who only require simple nail cutting.

As our service is targeted towards people with certain medical conditions or needing specific types of treatment, we need to ask you for certain information about your health and the nature of your foot problem. This will help us to decide whether or not we are likely to be able to offer treatment and how urgent your problem is.

This will provide information on practitioners in the locality. Just check they are registered with the HCPC. Attending a HCPC registered chiropodist or podiatrist helps ensure your safety.

Private Podiatry Treatment

Health & Care Professions Council (HCPC)

HCPC is an independent, UK-wide health regulator, with a register of health professionals. Registration means that a member meets national standards for their profession in their training, performance and conduct. If a health professional does not meet these standards, the HCPC can take action which might include stopping them from practicing. This means that if you are unhappy with treatment you are given, or worried about the behaviour of a registrant, you can raise your concerns with the HCPC.
